Drought Response Tips

Utah is experiencing one of the worst droughts on record. We don't know long it will last, so we all need to reduce our use. Extreme drought calls for extreme water-saving measures by all individuals, businesses, institutions and industries.

Water Less & When It's Coolest

Northern Utah: water 2x per week (Don't water between 10 a.m.-6 p.m.)

Southern Utah: water 3x per week Don't water between 10 a.m.-8 p.m.)

Raise Your Mower
Set blades at 3-4" to shade roots and reduce evaporation

Prioritize Your Watering

1. Trees
2. Shrubs
3. Perennials
4. Annuals
5. Turf grass

Don't water when it's windy
Winds above 5 mph increase evaporation

Get a Rebate
Smart irrigation controllers: up to $75
Toilets: up to $100
